Item 4 - Advisory Business

Description of Firm

Jonathan Selsick d.b.a. Actavest, previously Jonathan Selsick d.b.a. Selsick Investment Solutions was formed in 2014 to provide clients access to various quantitative and discretionary investment strategies designed by Jonathan Selsick. These are 1) proprietary rules based strategies built and tested utilizing historical data, primarily for tactical allocation to major asset class categories or significant sub-sets of an asset class, and 2) discretionary strategies focused on individual stock selection ideas, or 3) a combination of both of the above.

Type of services we offer

Our Actavest Enduring Portfolio Strategy is a long-only opportunistic small to mid-cap investment strategy. It combines our fundamental individual equity research with a patient approach toward achieving a desired entry price. Actavest provides access to this strategy via Separately Managed Account.

As of January, 2018 we have \$40,000.00 in assets under management.

Item 5 – Fees and Compensation

Actavest offers investment management services for fee based on a percentage of assets under management as shown below. Fees are payable quarterly in arrears.

Fees will be assessed pro rata in the event the agreement is executed, or terminated, at any time other than the first or last day respectively of a calendar quarter. The annual fee schedule for a managed account is as follows:

- 1.00% per annum / 0.25% per quarter

Billing

The custodian deducts performance fees within ten (10) days after the close of the quarter. Actavest does not bill clients directly unless the custodian is unable to do so.

Important information about the deduction of advisory fees

- Clients must provide authorization for Actavest to deduct fees by signing the investment management agreement.
- At least quarterly, clients will receive a detailed statement from the custodian, which shows their holdings and outlines our fees and how they are calculated.
- Clients are responsible for reviewing the accuracy of fees being billed, as the custodian will not do so.

Our fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by the client. Clients may incur certain charges imposed by custodians, brokers, third party investment and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees

and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus. Such charges, fees and commissions are exclusive of and in addition to Actavest management fee, and we shall not receive any portion of these commissions, fees, and costs.

Currently our firm domiciles accounts at Interactive Brokers due to their low commission rates, leadership in electronic trade execution, availability of portfolio margin accounts required to implement the strategy, and advanced and flexible technology platform. We also domicile client accounts at Charles Schwab upon request.

Item 6 - Performance-Based Fees and Side-By-Side Management

We currently do not manage accounts that are charged performance-based fees.

Performance-based fee arrangements may provide a heightened incentive for us to make investments that may present a greater potential for return but also a greater risk of loss and that may be more speculative than if only asset-based fees were applied. In addition, the side-by-side management of accounts that pay performance-based fees and accounts that only pay a fixed-rate fee may create a conflict of interest as we may have an incentive to favor accounts with the potential to receive greater fees.

We are guided by fiduciary principles in the management of conflicts of interest, and apply our fiduciary obligation in every aspect of our dealings with clients, regardless of the account relationship, assets under management or fee structure.

Item 7 - Types of Clients

Actavest provides portfolio management services to individuals. A minimum balance of \$10,000 in cash or securities is required to open an account, and a minimum balance of \$10,000 is required to maintain an account.

Item 8 - Methods of Analysis, Investment Strategies and Risk of Loss

A. We actively search out and carefully research small to mid-cap companies (\$300m - \$5 bn market cap) that are potential long term holdings. Once a company has been identified as a long term desired holding, we determine its fair value based on prudent assumptions and the discount to fair value that would be very attractive for us to establish an ownership position, assuming no deterioration in the fundamentals. If our desired entry price is breached, then we may take a position in the company at that time, or in the near future, depending on market conditions.

Some of the material sources of risk include:

Market Risk. Stock prices fluctuate in response to many factors including the activities of individual companies, general market and economic conditions, and investor behavior. Given the unpredictability of many of these factors, especially in the short term, Clients may experience significant drawdowns from time to time.

Concentration Risk. The strategy may result in a more concentrated exposure to a particular risk factor than a passive index strategy. More concentrated exposure to an asset class entails higher risk. In addition we hold a limited number of individual equity positions, which reduces the benefit of diversification, and subsequently carries a higher risk.

Fundamental analysis. Forecasting financial performance is an inexact process of estimation which may also result in errors of judgment or analysis. Investment performance may suffer if our assessment of a business or its prospects is incorrect.

Item 9 - Disciplinary Information

Registered investment advisers are required to disclose all legal or disciplinary events that would be material to a client or potential client's evaluation of the firm. Actavest has no information applicable to this Item.

Item 10 - Other Financial Industry Activities and Affiliations

None

Item 11 - Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

We have adopted a Code of Ethics for all supervised persons of the firm describing its high standard of business conduct, and fiduciary duty to its clients. The Code of Ethics includes provisions relating to the confidentiality of client information, a prohibition on insider trading and personal securities trading procedures, among other things. All supervised persons at Actavest must acknowledge the terms of the Code of Ethics annually, or as amended.

Actavest and its employees may buy or sell securities that are also held by clients. Employees may not trade their own securities ahead of client trades, in accordance with our Code of Ethics.

Item 12 - Brokerage Practices

Low transaction cost, advanced technology, size, access to multiple markets, and the ability to manage client trade allocations for multiple separately managed accounts in a single Master Account, are a major determinate in the selection of broker-dealers. Currently, the only broker dealer we use for client accounts is Interactive Brokers.

Client funds and securities are custodied at a broker-dealer in the client's name and Actavest receives normal transaction and portfolio reports from the broker-dealer. We may determine that it is equitable

and time efficient to aggregate trade orders so that investment opportunities are fairly allocated among clients.

We do receive research or other products or services other than execution from a broker-dealer or a third party in connection with client securities transactions.

Actavest does not consider, in selecting broker-dealers, whether it or one of its related persons receives client referrals from a broker-dealer or a third party.

Item 13 - Review of Accounts

Jonathan Selsick conducts all of the reviews of Client accounts.

Accounts will be reviewed post any trading activity to help ensure proper trade execution and settlement. Accounts are also reviewed on an ongoing basis to confirm that there is sufficient equity in the account to implement the strategy.

Item 14 - Client Referrals and Other Compensation

Actavest does not receive cash or another economic benefit from someone other than the client in connection with its provision of advisory services to the client. In addition, we do not compensate any person for client referrals to Actavest.

Item 15 – Custody

Actavest does not take custody of client funds. All client assets are held at Interactive Brokers, the designated custodian. Daily activity statements are available online through Interactive Brokers via Account Management for the past 364 calendar days, monthly activity statements for the past 23 months and annual statements for the past 3 years. Prior period statements, are available in electronic format only (delivered via email) at a small cost.

Client must, upon establishing an account with Custodian, direct and request Custodian to send Client a statement, at least quarterly, indicating all amounts disbursed from the account including the Performance Fee, if any, paid. It is the Client responsibility to verify the accuracy of the Fee calculation, and Custodian will not determine whether the Fee is accurate or properly calculated. Custodial fees charged to Client are exclusive of and in addition to the account Performance Fee and other charges.

Item 16 - Investment Discretion

Actavest provides its Advisory Services on a discretionary basis. Before we can exercise discretion with respect to a client's assets, the client and Actavest must execute an Investment Advisory Agreement that grants Actavest discretionary authority of the account's assets. All client accounts are managed within the parameters for the Strategy as outlined in the Advisor Agreement.

Item 17 - Voting Client Securities

Actavest does not vote proxies on securities. Clients are expected to vote their own proxies.

Item 18 - Financial Information

We do not require or accept prepayments from Clients. California Code of Regulations requires every investment advisor who has discretionary authority over client funds or securities but does not have custody of same, to maintain at all times a minimum net worth of \$10,000. Actavest does not have any financial impairment that will preclude the firm from meeting its contractual commitments to clients.

We have never been the subject of a bankruptcy petition at any time.

Item 19 - Requirements for State Registered Advisers

- A. The information regarding Jonathan Selsick's education and business background is provided in Part 2B of this Form ADV.
- B. Our firm is not engaged in any other business activities.
- C. Our firm or a supervised person is not compensated for advisory services with performance-based fees. Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.
- D. Our firm or a management person has never been involved in one of the events listed below:
 - 1. An award or otherwise being found liable in an arbitration claim alleging damages in excess of \$2,500, involving any of the following:
 - (a) an investment or an investment-related business or activity;
 - (b) fraud, false statement(s), or omissions;
 - (c) theft, embezzlement, or other wrongful taking of property;
 - (d) bribery, forgery, counterfeiting, or extortion; or
 - (e) dishonest, unfair, or unethical practices.
 - 2. An award or otherwise being found liable in a civil, self-regulatory organization, or administrative proceeding involving any of the following:
 - (a) an investment or an investment-related business or activity;
 - (b) fraud, false statement(s), or omissions;
 - (c) theft, embezzlement, or other wrongful taking of property;
 - (d) bribery, forgery, counterfeiting, or extortion; or
 - (e) dishonest, unfair, or unethical practices.
- E. Our firm or any of our management persons has no relationship or arrangement with any issuer of securities that is not listed in Item 10.C. of Part 2A.

Part 2B of Form ADV: Brochure Supplement July 2018

Cover Page
